Request for Permission to Remove Graffiti on Private Property

In an effort to assist the citizens and business owners in our community, the City of El Cajon has implemented a program to remove graffiti from private property without cost to the owner.

You will not be charged for this service.

However, we do need your permission to enter on to your property to paint out the graffiti. If painting is necessary, we will try to match the color as closely as possible. Once signed, this document will remain on file in the Building Division (until you request that it be removed) and you will not need to sign again for each new occurrence. Just call the Graffiti Hotline (619) 441-5533 and the graffiti will be removed within 48 hours (if someone else notices the graffiti on your property, we will remove it without you ever having to get involved).

- ☐ Yes, please include my property in your graffiti eradication program.
- ☐ No thanks, we'll take care of the graffiti ourselves.

I agree to indemnify, defend, waive, release, and hold harmless, the City of El Cajon from any and all liability, claims, or causes of action for injuries to persons or damage to buildings arising out of this project.
